

VPAC PRESIDENTS REPORT FOR 2020 AGM

I hope this message finds all VPAC members in good health, both physically and mentally. Without a doubt, the last six months has been very challenging for the inhabitants of Planet Earth!

The Victorian community and businesses have gone through and are continuing to face unprecedented challenges. As can be seen in Brian Jones' Treasurer's report, the Victoria Police Alpine Club is no exception. Brian's well-prepared document provides a thorough outline of our finances and I urge you to read his statement.

We are fortunate that our significant financial reserve holds us in good stead for the future.

I am pleased to report that over the past twelve months, substantial works have been undertaken to improve the amenity and appeal of the Lodge including:

- Completion of painting to the lodge
- Landscaping and sculptures installed in the grounds
- Tree Planting undertaken for both visual and environmental reasons
- Driveway works
- Lounge suite restoration and purchase of a new lounge rug
- New heaters installed throughout the lodge's bedrooms and amenities
- Purchase of some new mattresses
- New Blackout Curtains in all bedrooms
- New lighting in all bedrooms, amenities and hallway
- A New Television in the games room

Our aim is to create a more comfortable and relaxing environment for our members

Once again, I would like to thank Kane and Amanda Lovick for their ongoing efforts as our Lodge caretakers and to the Committee for their tireless work, continuing to improve the Lodge.

Attached for your perusal is:

- Comprehensive Treasurer's report
- VPAC Audit
- AGM agenda
- THE AGM will take place this year as an online meeting via ZOOM.

Please take a moment to read these documents.

Stay safe and stay well,

Jeff Maher

President VPAC
